

East Coast Snocross has a class for any experience level rider. Elite racers with on-track race experience and race specific sled set-ups have classes available in the Pro, Pro-Lite, Pro Women and Plus 30 Pro Am. Each class racing for season championship points and cash purses.

Experienced trail riders and racers with limited race budgets or tune-up experience have a number of available classes to compete in the Sport division classes. An extremely competitive division for racers not quite ready to make the jump into the "Pro" ranks, or need just a little more track time before making the move up!

Multiple classes for our Junior racers are available from the 120cc Mini classes for our racers ages 4 to 10, to the Junior 16-17 Stock 600cc classes. If you have any questions as to which class would be right for you, click on the Classes PDF form below, or contact our ECS Technical Director on the contact page of this site.

[2019 ECS Classes.PDF](#)
